

SAFER INTERNET DAY 11TH FEB 2020

Respect

- * Am I treating others how I wish to be treated?
- * Am I respecting myself by posting this?
- * Am I showing respect to my peers by posting or sending this?

Responsibility

- * Do I mind if what I am about to post can never be deleted?
- * Is what I have just read hurting other people?
- * If a future employee reads what I have posted, will I get the job?

Reasoning

- * Is what I have read or viewed the truth and reality?
- * Is what I have seen a false image to make themselves feel better?
- * Is what others are posting online really highlighting their real life, or just the life they want others to see?

Resilience

- * Is this comment something I am going to hold onto, or will I let it go and keep moving forward?
- * Is this something that is the truth?
